at Valle di Assisi

Valle di Assisi:

Just like home.
But better.

Here, in the over 80 hectares of our estate, there are endless services at your fingertips: a hotel, restaurant, spa, organic farm, winery, golf course, and outdoor sports fields.

That's why Valle di Assisi is the perfect location to say "I do": The Country Resort area on our grounds boasts several venues for your events. Each one different in size in style, but with all the details – from the catering to the mise en place – personally taken care by us.

**Because if it doesn't involve
all the senses we don't want it.**
And neither do you.
